

# 10 KI-Prompts für digitale Künstler mit Grafiktablett

Von Sketch zu Artstation-Ready in  
Minuten Gratis von KI.LAMPE – Dein  
Guide für Wacom/iPad Workflows

## INHALTSVERZEICHNIS

1. Skizze → KI-Refinement
2. Color Palette Generator
3. Anatomie-Fixer
4. Background-Builder
5. Texture-Overlay
6. Pose-Generator
7. Style-Transfer
8. Lighting-Drama
9. Komposition-Helper
10. Final Polish

## 1. Skizze → KI-Refinement (Midjourney)

### Prompt:

```
Refine this rough tablet sketch [UPLOAD SKIZZZE], digital art,  
clean lines, professional rendering, cyberpunk style, high  
detail, artstation trending --ar 16:9 --v 6
```

### Workflow:

1. 5 Min grob auf Wacom/iPad zeichnen
2. PNG export → Discord/Midjourney
3. Stil-Keywords hinzufügen
4. U1-U4/V1-V4 iterieren

Tipp: --cw 100 für Figuren-Fokus  
[Screenshot-Placeholder]

---

## 2. Color Palette Generator (Stable Diffusion)

### Prompt:

```
Extract color palette from this tablet sketch [UPLOAD], 5  
harmonious variations, swatches, fantasy art palette, muted  
tones --stylize 600  
text
```

Workflow: Sketch → Farbextrakt → Procreate import  
Zeitersparnis: 30 Min → 3 Min  
[Screenshot-Placeholder]

---

### 3. Anatomie-Fixer für Figuren

Prompt:

```
Fix anatomy of this tablet figure sketch [UPLOAD], perfect human proportions, dynamic pose, muscular warrior, artstation quality --ar 2:3 --v 6 --no deformed hands
```

Workflow:

1. Rough pose sketchen
2. Midjourney fixen
3. Photoshop übermalen

Tipp: --no deformed hands! Anatomie perfekt.  
[Screenshot-Placeholder]

---

### 4. Background-Builder aus Handzeichnung

Prompt:

```
Create fantasy background matching this tablet environment sketch [UPLOAD], epic landscape, atmospheric lighting, detailed foliage, cinematic --ar 16:9 --v 6
```

Workflow:

1. Umgebungsskizze (10 Min)
2. KI generiert Background
3. Foreground compositen

Tipp: "volumetric lighting" für Atmosphäre.  
[Screenshot-Placeholder]

---

## 5. Texture-Overlay für realistische Oberflächen

Prompt:

```
Generate seamless texture overlay for [UPLOAD tablet material  
sketch], rusted metal, high detail, pbr material, 8k --ar 1:1  
--v 6
```

Workflow: Sketch → Texture → Photoshop Overlay

Zeitersparnis: 1h → 10 Min

Tipp: Tileable mit "seamless repeat".

[Screenshot-Placeholder]

---

## 6. Pose-Generator mit Tablet-Input

Prompt:

```
Dynamic pose reference from this gesture sketch [UPLOAD],  
action hero pose, multiple angles, lineart, anatomy perfect  
--ar 2:3 --v 6
```

Workflow: Gesture → Multi-View → Final Pose

Tipp: "3/4 view, dynamic angle" für Action.

[Screenshot-Placeholder]

## 7. Style-Transfer (dein Sketch → Van Gogh)

Prompt:

```
Style transfer: transform this tablet sketch [UPLOAD] into Van  
Gogh painting style, swirling brushstrokes, vibrant colors  
--ar 16:9 --stylize 750
```

Workflow: Sketch → Stil-Transfer → Detail-Tuning

Tipp: --stylize 500-1000 je nach Stärke.

[Screenshot-Placeholder]

---

## 8. Lighting-Drama-Boost

Prompt:

```
Dramatic lighting setup on this figure sketch [UPLOAD], rim  
lighting, god rays, cinematic, high contrast --ar 9:16 --v 6
```

Workflow: Base Sketch → Lighting → Color Grade

Tipp: "rim light, backlight" für Drama.

[Screenshot-Placeholder]

---

## 9. Komposition-Helper (Rule of Thirds + KI)

Prompt:

```
Recompose this tablet sketch [UPLOAD] using rule of thirds,  
perfect golden ratio, dynamic framing, epic fantasy --ar 16:9  
--v 6
```

Workflow:

Loose comp → KI-Refine → Final Layout

Tipp: Focal points mit "rule of thirds grid".

[Screenshot-Placeholder]

---

## 10. Final Polish: Detail-Enhancer

Prompt:

```
Ultra-detailed final polish of this artwork sketch [UPLOAD],  
intricate details, sharp focus, masterpiece quality, 8k --v 6  
--q 2
```

Workflow:

Rough → Detail Polish → Export

Tipp: --q 2 für höchste Qualität.

[Screenshot-Placeholder]

---
